Taking Action Together: A New Era in HIV Care

Jefferson Comprehensive Care System, Inc. (JCCSI) invites you to join us for the 4th Regional HIV/AIDS Conference to be held in Little Rock on March 4-5, 2010. This conference will target **Arkansas, Louisiana, Mississippi, and Tennessee** and provide a forum to discuss the specific needs of the South as it relates to HIV/AIDS treatment and access to care.

People from all fronts of the epidemic - from case managers, advocates, people living with HIV/AIDS (PLWHAs) to students, physicians and policymakers - will come together to build national support networks, exchange information, and learn how to address the challenges of HIV/AIDS in their community. We hope you will be one of them. For more information, please visit our website at www.hivregionalconference.com

Please note: Scholarships are available for PLWH/A and we are taking nomination forms for the AIDS Leadership Award. For details on scholarships go to:
